

Merry Christmas and Happy New Year

Thank you for joining us again this year on this adventure that has been underway for almost 24 years. Since then, we have been constantly searching for our history: past, present and to come. That is why we are counting on your cooperation to perpetuate and enrich the book of our, and your discoveries.

Your Board of Directors (BD) takes a few minutes during this decade change to hope that 2020 will bring you, Health, Happiness, Joy, Serenity and new friendships during this festive period. It is an opportunity to think about changing what we are capable of changing, to accept what, unfortunately, we cannot change and, above all, to know the difference between the two.

Our website and Facebook are very active, almost 900 people follow us regularly on these media.

Thank you for taking the time to visit our website and Facebook:

<http://www.familles-damours.org/>

<https://www.facebook.com/Association-des-Familles-DAmours>

Our email communication addresses:

familles_damours@hotmail.ca

realdam.1@gmail.com

Our next Gathering is scheduled to be held in Drummondville in August as usual. A BD meeting will take place in early January to finalize the agreements. As soon as we know where the event will take place, the information will appear on our website. Our next meeting in Drummondville should revive the past.

Our bulletin *Le Sanglier* needs your memories, your anecdotes, your recent and ancient photos (with mentions of the occasion, please), in order to better understand our history and to leave memories to our descendants

"So Tomorrow will remember"

Sincerely, and as some of our members say:

Truly Loving,

Your BoD,

Réal D'Amours, président.

** Be careful during this festive season;*

And as I used to say when I was radio host:

"Better be late than never!"

- *Your membership will be renewable by March 31*
- *Please let us know your postal and email address changes*
- *Why not make a Christmas and New Year gift to family members by offering them a membership card from your Association? A great opportunity to expand our history.*
